

# AIRQUEST®

## AIR CONDITIONERS AND HEAT PUMPS

# Airquest® Air Conditioners and Heat Pumps. For Value. For Comfort. For Life.

## Higher Efficiency, Greater Savings

Airquest® mainline air conditioners and heat pumps deliver up to 18 SEER and up to 8.5 HSPF efficiency. That's twice as efficient as many older units. And the two-speed fan operates at the lower speed most of the time, using up to 80% less energy (mainline models only).

These models are built with premium components for quiet performance. There's a sound jacket to minimize compressor noise (mainline models only), and the cabinet design reduces sound for the entire unit. These air conditioners and heat pumps are designed to sound just as beautiful as they look!

R410A is an EPA-approved, environmentally sound refrigerant.

Air Conditioner

## These Airquest Mainline Air Conditioners offer the following quality features:

- High SEER<sup>†</sup> ratings for energy savings
- Environmentally sound R410A refrigerant
- Scroll compressor for enhanced efficiency
- Painted galvanized steel cabinet provides rugged durability
- Two-speed outdoor fan motor for quiet operation
- 7 mm coil for compact design and robust performance
- Smooth flow orifice top reduces noise
- Comfort Alert® diagnostics
- 10 year parts limited warranty with timely registration

<sup>†</sup>SEER stands for Seasonal Energy Efficiency Ratio and HSPF stands for Heating Seasonal Performance Factor.

## Additional features allow you to customize your savings and peace of mind:

### DXT+ 16-18 SEER Air Conditioner

- Available in 2-5-ton capacities
- 10 year No Hassle Replacement<sup>™</sup> limited warranty

### DX 1400/DX 1600 14/16 SEER Air Conditioner

- Available in 1½-5-ton capacities
- 5 year No Hassle Replacement<sup>™</sup> limited warranty

### DX 1300 13 SEER Air Conditioner

- 1 year No Hassle Replacement<sup>™</sup> limited warranty

## These additional Airquest air conditioners and heat pumps

### Performance Series Air Conditioners

- Up to 16 SEER
- Environmentally sound R410A refrigerant
- Scroll compressor for enhanced efficiency
- Durable painted galvanized steel cabinet resists corrosion
- Quality copper tubing and aluminum fin stock for maximum thermal transfer

**These Airstream Mainline Heat Pumps offer the following quality features:**

- High SEER† and HSPF† ratings for energy savings
- Environmentally sound R410A refrigerant
- Scroll compressor for enhanced efficiency
- Painted galvanized steel cabinet provides rugged durability
- Two-speed outdoor fan motor for quiet operation
- 7 mm coil for compact design and robust performance
- Smooth flow orifice top reduces noise
- Comfort Alert® diagnostics
- 10 year parts limited warranty with timely registration

†SEER stands for Seasonal Energy Efficiency Ratio and HSPF stands for Heating Seasonal Performance Factor.

**Additional features allow you to customize your savings and peace of mind:**

**DXT+ 15-17 SEER Heat Pump**

- HSPF up to 8.5
- Available in 2-5-ton capacities
- 10 year No Hassle Replacement™ limited warranty

**DX 1500 15 SEER Heat Pump**

- HSPF up to 8.5
- Available in 1½-5-ton capacities
- 5 year No Hassle Replacement™ limited warranty

**DX 1300 13 SEER Heat Pump**

- HSPF up to 7.7
- Available in 1½-5-ton capacities
- 1 year No Hassle Replacement™ limited warranty

*Warranties To Ease Your Mind*

Airstream® mainline units are backed by exceptional warranties\*, including our No Hassle Replacement™ limited warranty, which gives the original purchaser a replacement unit if the compressor should fail due to defect within the covered period. You also get a 10 year parts limited warranty with timely registration.

\*Timely registration required for 10 year limited parts warranty. Limited warranty period is 5 years for parts if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty periods. Please see warranty certificate for further details and restrictions.

Timely registration required. See warranty certificate for details.

Heat Pump

**are also available:**

**Performance Series Heat Pumps**

- Up to 15 SEER and up to 8.5 HSPF
- Environmentally sound R410A refrigerant
- Scroll compressor for enhanced efficiency
- Durable painted galvanized steel cabinet resists corrosion
- Quality copper tubing and aluminum fin stock for maximum thermal transfer

†SEER stands for Seasonal Energy Efficiency Ratio and HSPF stands for Heating Seasonal Performance Factor.

<sup>†</sup> Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet ENERGY STAR<sup>®</sup> criteria. Ask your contractor for details or visit [www.energystar.gov](http://www.energystar.gov).

<sup>‡</sup> For information regarding furnace or fan coil options that can increase the energy efficiency of selected Airquest air conditioners (SEER) and heat pumps (SEER and HSPF), go to [Airquestdlr.com](http://Airquestdlr.com) and look for “Energy Savings” on the menu.

<sup>▲</sup> Timely registration required for 10 year limited parts warranty. Limited warranty period is 5 years for parts if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty period. Please see warranty certificate for further details and restrictions.
