

Manufacturer's Certification Statement Heil H4H4 Air Source Heat Pump Systems

The air source heat pump systems indicated in the attached tables are Qualified Energy Property that qualify for the credit for non-business energy property allowed under § 25C of the Internal Revenue Code. A system includes the outdoor unit, the matching indoor coil, and matching furnace (if specified). This certification is based on a review of matched systems per the attached tables, referencing data published in the Air-conditioning and Refrigeration Institute (ARI) Directory of Certified Unitary Equipment Standards 210/240. Only these matched systems are certified to qualify.

Please request that your installing dealer or contractor highlight the specific system installed in your home on the attached tables for your reference.
