Tempstar® SmartComfort™ TX 5300 Air Conditioner *The Environmentally Sound Choice*

Tempstar® professionals take pride in bringing you the latest technology in home comfort, with the goal of surpassing your expectations in energy efficiency and dependability. From engineering and design to industry-leading warranties, we are dedicated to always delivering quality you can feel.

Low Noise, High Performance

A quiet and dependable unit, the Tempstar® SmartComfort™ TX 5300 is designed to keep you comfortable through the warm summer months—and help you save money on your cooling bills. Durable materials and other weather-guard features add long life. And you also get the advantages of the environmentally sound refrigerant R410A.

R410A is an EPA-approved, environmentally sound refrigerant.

1

Quiet The Copeland Scroll® compressor operates without noisy pistons and comes with a sound blanket to reduce compressor sound levels.

2

Durable The painted, galvanized steel cabinet features a powder-coat, baked-on finish and a coated inlet grille with narrower spacing to provide maximum protection as it allows for proper airflow and easy coil cleaning.

3

Efficient The Copeland Scroll® compressor and the 7 mm copper tubing with aluminum fin coils work collectively to save on energy.

4

Aerodynamic The two-speed fan motor operates most of the time on the quieter, lower speed. Aerodynamic air discharge design reduces operating sounds.

5

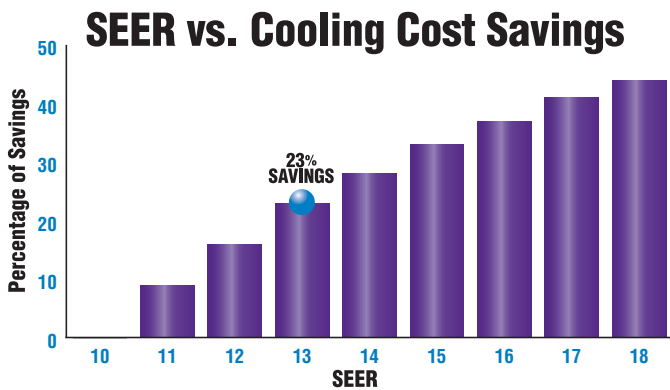

Service Friendly The Comfort Alert® diagnostic system improves accuracy if the unit needs checking. The Plug & Play feature simplifies wiring and provides easy access to speed up service.

It's All About Efficiency

The SmartComfort TX 5300 represents one of the smartest choices for efficiency. Its 13 SEER² rating means you're rewarded with savings on your utility costs, month after month, especially when compared to older, less efficient systems.

²SEER stands for Seasonal Energy Efficiency Ratio.

Percentage based on national averages at 10 SEER; may vary according to efficiency of current unit and installation.

Long-Term Comfort

The SmartComfort TX 5300 protects your investment with a filter dryer for moisture and debris removal, a solidly constructed cabinet with sturdy corner posts, and finishes with appliance-grade paint.

Warranties To Make You Smile

Every Tempstar unit is backed by exceptional warranties, including our No Hassle Replacement™ limited warranty*, which gives you a replacement unit if the compressor or outdoor coil should fail within the first year. You also get up to a 10 year^s parts and compressor limited warranty.* And don't forget to ask your dealer about HELP® extended service agreements for additional worry-free protection for parts and labor coverage.

**See published warranty for complete details. To learn more about all of these limited warranties, including the No Hassle Replacement limited warranty, go to Tempstar.com.*

^sSubject to conditions. Ten year warranty requires timely registration. See detailed additional information on back page and Warranty Certificate at Tempstar.com for complete details.

Complete Line. Complete Comfort.

- a** HUMIDIFIER enhances comfort by reducing dryness in the air.
- b** AIR CLEANER filters out many indoor air pollutants so the air in your home is cleaner.
- c** SET-BACK THERMOSTAT allows you to customize heating and cooling levels and also save energy.
- d** FURNACE is designed for maximum comfort and high efficiency and built rugged for years of operation.
- e** AIR CONDITIONER keeps your home cool and comfortable while saving on energy.
- f** EVAPORATOR/ INDOOR COIL, to match your Tempstar air conditioner and furnace, assures you of optimum performance.
- g** UV LIGHTS help prevent the growth of microbes on the coils.

¹ Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet ENERGY STAR® criteria. Ask your contractor for details or visit www.energystar.gov.

♦ For information regarding furnace or fan coil options that can increase the energy efficiency of selected Tempstar air conditioners (SEER) and heat pumps (SEER and HSPF), go to Tempstar.com and look for “Energy Savings” on the menu.

^ This Tempstar product carries a ten (10) year limited warranty on parts, including compressor and coils, to original homeowner if installed in an owner-occupied, single-family residence and properly registered within ninety (90) days after original installation. Otherwise, the parts warranty period is five (5) years from the date of installation. Heat exchangers may carry longer limited warranty coverage that applies to original homeowners with timely registration. (See Warranty Certificate for registration instructions. Registration not required in all jurisdictions.)

All systems tested and listed by the appropriate agencies.
