ANNOUNCING RC's NEW LG COMPRESSOR LINE

ICP – FAST Distributors:

FAST Parts is proud to announce the addition of LG scroll compressors to our compressor line. This new product line complements our comprehensive "Full Compressor Warehouse" offering, and will strengthen our position in this important market.

See why we are truly excited about the new LG scroll compressor product line!

- **Exclusive appearance** - The new LG scroll compressors have a distinctive, clean "look" that is consistent across the family.
- **A clear, simple and complete product line** -- The product line includes 19 models – (11) R410A and (8) R22
- **High quality and dependability** -- Designed and built by LG, our new line of scroll compressors can be positioned and sold with confidence not only in quality, but also in dependability, and support. LG brings product leadership, proven performance, and world-class quality to the compressor market!
- **As Good as the Market Leader yet Value-priced** -- Our LG product line is priced to provide you the best aftermarket value for your customers. We are confident that with LG scroll compressors you will gain a competitive advantage toward profitability and share of market!

PMB #: PMB13-048

In the following pages of this bulletin, you will find essential introductory information about the new and exciting product offering:

- Product Lineup
- Pricing
- Approvals
- Equipment applications

Remember:

- There is no minimum order quantity
- All models come in a standard pack of 1 – (individually boxed, with molded plug, thermal cut-out, mounting hardware, warranty tag, and instruction sheet).

Approvals

All LG scroll compressors are UL/cUL approved, and labeled on the compressor.

Product Catalog

To help detail the complete LG compressor line, various pieces of information have been compiled into one product catalog. This catalog is 21 pages in length and provides a great summary of the line for introduction to your customers. See your FAST Sales Manager for details.

We are convinced that this new product line will meet and exceed your compressor needs and those of your customers.

Thanks for your support
 Mike Duvic
