

Introducing the New (FREE!)
FAST® Mobile Tech App:

It's Like Having an HVACR Parts Store in the Palm of Your Hand.

Available (FREE!) for Apple® iPhone®, iPad® or Android™ Devices

Check out these handy features

Equipment BOM Search makes searching for parts easy. Just scan a product barcode or enter a product serial or model number to download a list of parts.

Cross Reference Tool saves you time and money when you're looking for specs and cross-reference information on aftermarket motors and compressors. It's intuitive, easy to navigate and accessible from any location with an internet connection.

Store Locator uses your onboard GPS to help you find FAST HVACR parts store locations.

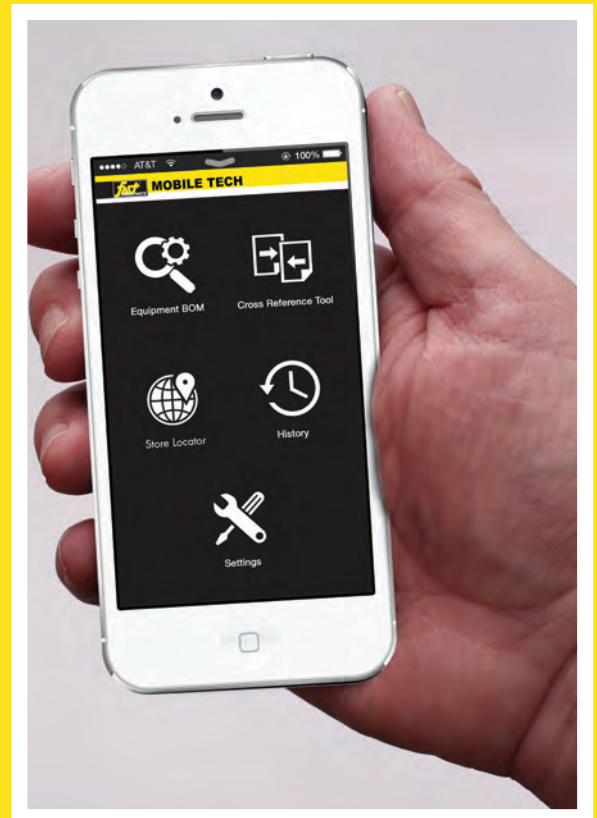

History maintains a record of your searches and transactions for up to 14 days.

Settings helps you update or change your user preferences.

Up-to-Date Information. The FAST Mobile Tech app accesses source systems to give you current data.
