Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet ENERGY STAR® specifications. Ask your distributor for details or visit [www.energystar.gov](http://www.energystar.gov).

## Heat Pumps (all R-410A refrigerant)

**\*\* Maximum Strength Warranties include:**  
 • Tempstar® gas and oil furnaces, and R-410A based air conditioners, heat pumps, coils, and small packaged products carry a ten (10) year limited warranty on parts (including compressor and coil) to original owner when installed in an owner-occupied single family residence and properly registered within ninety (90) days after original installation. Heat exchangers carry a 10 year, fifteen (15) year, twenty-five (25) year, or lifetime limited warranty. Timely registration required for 10 year limited parts warranty and 25 year or lifetime limited heat exchanger warranty to original owner (registration is not required for 10 year or 15 year limited heat exchanger warranty). Limited warranty period is 5 years for parts and twenty (20) years for heat exchanger to original owner if not registered within 90 days of installation. Original owner in jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty periods. Please see warranty certificate for further details, restrictions, and registration instructions.  
 • The No Hassle Replacement™ limited warranty provides a new equivalent replacement unit to the original owner should the compressor, covered coil or heat exchanger fail due to defect during the No Hassle Replacement period. Split system units must be matched with an approved indoor coil or fan coil with TXV or piston metering device. Written authorization from your Tempstar distributor is required prior to replacing any unit. This warranty is a supplement to the standard product limited warranty. Restrictions apply. See [www.tempstar.com](http://www.tempstar.com) for the most current and complete warranty certificate for further details.
